He's a renter's worst nightmare — an ex-cop authorities say regularly harasses and intimidates rent-stabilized tenants to force them out so their landlord can charge higher rent.

His name is Anthony Falconite, and this week state Attorney General Eric Schneiderman took the unusual step of slapping him with a "cease and desist" order, demanding he halt an increasingly aggressive campaign that's crossed the legal line....

| Anthony Falconite is a punk...You terrorize tenants busting into their apartments but don't want reporters asking you questions in front of your house....I got 2 kids....Well there are elderly people living in fear of you and you don't seem to care about them....So who cares about you and your family.....Karma/Justice/Eye for an eye....pick one. | |
