"Jake Croman is the son of wealthy New York City real estate developer Steven Croman, and works as an associate at his father's company, according to his LinkedIn page."

Spoiled rich kid. Who would have guessed?

Driver can't drive. Meanwhile, Douchbag makes another account and laughs his scummy ass off.

Someone needs to punch that douchebag in the face and knock out all of his teeth. It doesn't matter

They deactivated him because this stupid kid, with no proof whatsoever is saying the driver starting yelling anti jewelry slogans at him.

They deactivated both, while they investigate. That way, they cover their asses no matter which way this falls. Shitty, but it's corporate. Every corporation in existence would do the same thing. Uber sucks for many reasons but this is not one of them.

Following the publication of this story, Jake Croman provided the following statement to BuzzFeed News:

"This video shows one side of an argument I had with an Uber driver two weeks ago after he refused to pick me up on the basis of my religion. What you don't see in the video is that the driver had made a number of offensive anti-Semitic remarks that provoked my response. I am not proud of my reaction to his discrimination and I regret my choice of words. Shortly after the verbal altercation, I filed a complaint with the Ann Arbor police department and they are now dealing with the issue."

An Ann Arbor police spokesperson subsequently told BuzzFeed News they could not locate Croman's name in their reporting system.

Croman said he was unable to immediately provide a case number for his report, saying he was away from school.

I read that Steven Croman had thousands of rent control tenants thrown out into the streets "mafia style" and did not care one iota, I wish I had a father like him, I would be rich to !!!!

Oh no, he said some mean things to someone! Either get off your ass and put him in his place or learn to just ignore it. This driver is a grown man and there's no reason we should all feel sorry for him just because he can't stand up for himself when someone hurts his feelings. If it was physical assault it would be different but all the guy did was be a total prick and say some harsh words, which we have all dealt with time and again. Don't see why we should all come to his rescue.

[\[-\] money_hungry_wolves](#) [S] 2 points 7 months ago

um... you realize that you're not only "coming to the rescue" yourself, but the rescue of this entitled little shit head? and im not surprised in the slightest that you deal with harsh words time and time again, WE don't deal with them often, if ever, you were just raised wrong.

[\[-\] JamesE9327](#) 1 point 7 months ago

I'm not coming to his rescue. That guy is an asshole. Just saying its kind of a bitch move that the driver would take video and then post it online like some horrible crime was committed against him and we should all help him. Lol the guy didn't touch him. Sticks and stones and all that. This is the kind of shit talk you normally see from people like that

You people are a bunch of idiots who think that trashing this kid somehow will make you feel better about yourself but it wont. Your lives are pathetic and that's just how it is. Its obvious from the video that the driver and this kid had a history before it happened. That history was that Arthur called this kid a dirty kike on a previous ride. The kids then went off on him rightfully so. Arthur then had him banned from UBER. Clearly in his rage Jake said some horrible things. None of you have ever gotten so enraged that you said things you later regretted? but this driver is no hero. When UBER looked into it they found numerous similar complaints about the driver as well as a number of criminal issues and fired him. Hope you all feel really good about yourselves!

you people...

sorry, but your pledge bro, jake, is a total buttplug who deserves this. we are the idiots, meanwhile you give us the Wikipedia entry for the event. jake didn't say those things because he was in a fit of rage, jake said those things because he is a total and complete asshole. when you belittle people about their job and brag about BEING LAZY to look cool in front of your weak ass frat boy squad, you deserve to get put on blast.
