Watch a lot of people speak out against Steve Croman and 9300 Realty

[Photo via an Angry Croman Tenant]

This past Saturday, a few dozen residents gathered in Tompkins Square Park for an "East Village Tenant Parade" ... the group's target — notorious landlord Steve Croman of 9300 Realty.

There were a number of speakers, including State Sen. Brad Hoylman

...

You can find other speaker videos [here](#).

The [Stop Croman Coalition](#) and [The Good Old Lower East Side](#) sponsored the event.

I'd have trouble sleeping at night if a few dozen people saw fit to get together in a parade and rail against me. Then again I am not a reptilian real estate developer.

As any Croman tenant knows if you live in a Croman building you can't sleep at night anyway. Between the bedbugs, waterbugs, mice and rats, garbage pileups, no heat and no hot water, no supers living on the premises, no water pressure, ceiling leaks and water pouring down, ceiling collapses, your apartment blanketed with toxic dust and debris from his renovations and causing cracks all over your every ceiling and wall, no gas service to cook, no electric, not cashing your rent checks, not renewing your leases, dragging you to court on frivolous lawsuits when you owe no rent, sending his private investigators to follow you, abusive treatment by Steven & Harriet Croman (a.k.a. Harriet Kahan) and their property managers, employees and agents, relentless harassment by their attorneys using the courts to wear tenants down financially and emotionally through committing perjury and countless illegal means, the list goes on and on. So what tenant can sleep at nights? Only our landlords, Steve and Harriet Croman sleep well at night because they have no concern for their tenants, only for money. The Cromans should be tried for crimes against humanity.

As high rent paying market rate tenants 9300realty and the Cromans didn't return our security deposits when we moved out, we never got repairs, the washer and dryer never worked and no heat or hot water, brokers entered our homes to show the apartment when we weren't there, no one at the office ever answered the phone or returned messages we left, this is the most miserable company to deal with. A more appropriate name whould be " 9300Realty.CON "

Sigh. My building's owner died recently and predatory lawyers are already all over her will and trying to sell the building. We'll soon follow in the footsteps on poor Croman tenants.
